DuPONT WELCOMES LISE

Lise is welcomed on her arrival

Representatives of the American Abroad Program

DuPont made a new, enchanting friend this year. Arriving from Norway at the beginning of school, Lise Blom Hartvigsen won our love with her charm and sparkling personality.

As a foreign exchange student, Lise was very privileged to have Dr. and Mrs. J. Brooks Brown as her American parents. Lise immediately adapted to our American way of life. Blonde and blue-eyed, Lise's bright 'hi' was known to everyone in the school. No, the weather in Norway is not thirty degrees below zero and yes, they have parties and dates. Lise used her talent to sew all her clothes in American style. She loved all our food and especially, the ice cream. Lise's healthy tan was the result of her constant visits to the beach.

For her outstanding achievements and contributions to duPont, Lise was honored by National Honor Society, Gold Key, Student Council, and Key Club. Duties as a foreign exchange student included visits to civic service clubs and community officials. Lise performed these duties with ease and poise.

During the Christmas vacation, Student Council surprised Lise with a Norwegian Christmas party and a long distance phone call to her family in Norway.

To record all her experiences in America, Lise kept a scrapbook filled with wonderful memories of new friends and many good times.

The jingle of charm bracelets was caused by over fifty charms given to Lise by her friends to show her how happy we were to have her as our guest this year.

Many people are eager to meet Lise

BONFIRE

Our annual bonfire before the football game with the Fletcher Senators was very successful in boosting school spirit. The large crowd of enthusiastic students cheered wildly as one of our coaches burned a Fletcher player in effigy.

Our cheerleaders were at their very best as they formed a ring around the burning effigy and led the crowd in roaring support for our dragons. Adding to the high spirit of the bonfire was our inspiring Pep Band which accompanied the cheerleaders in their pep dancing.

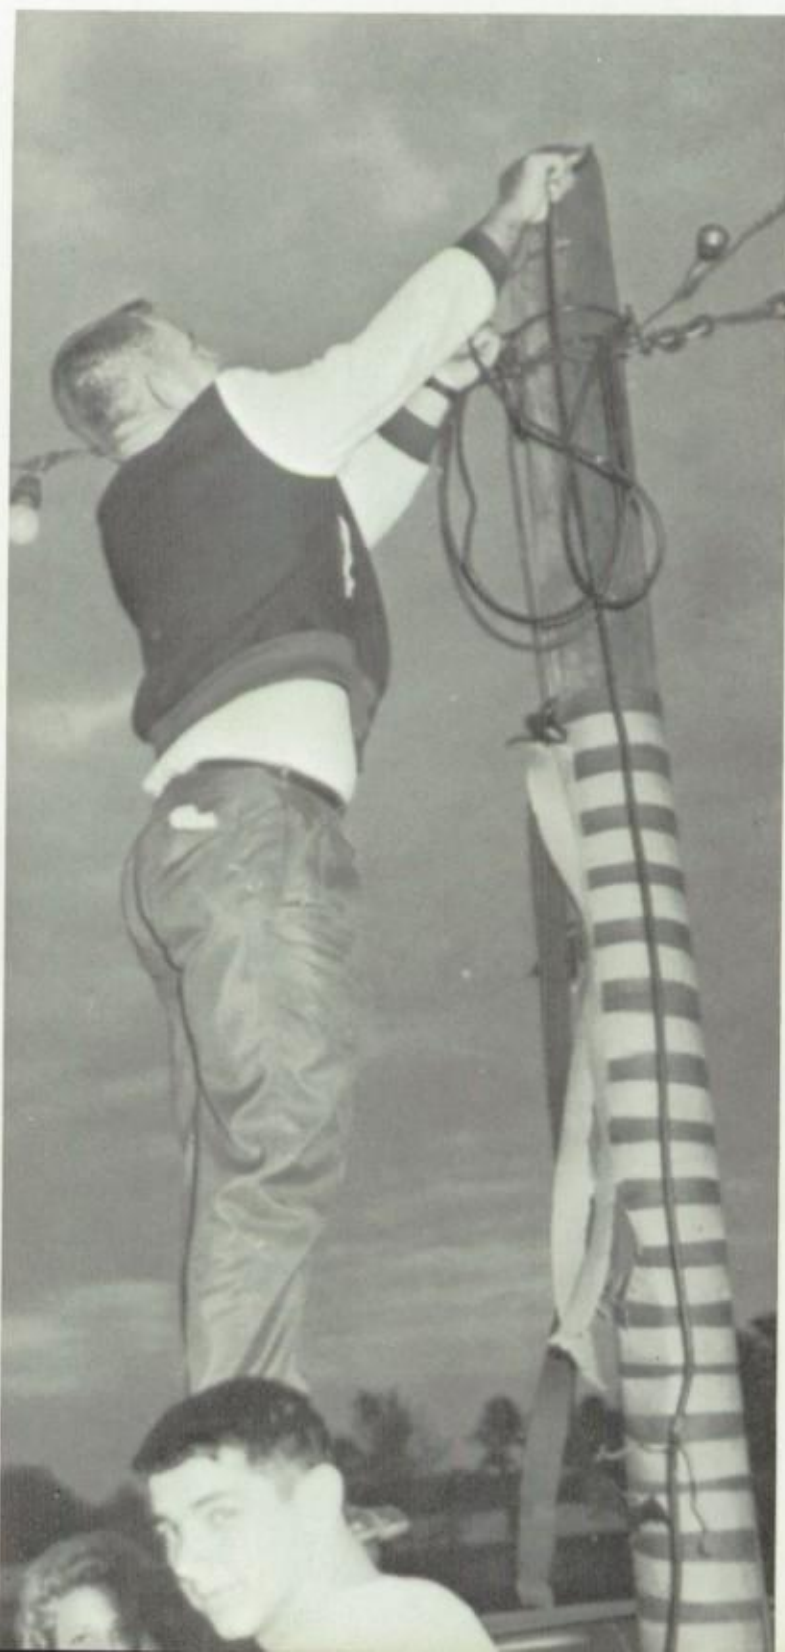

CARNIVAL

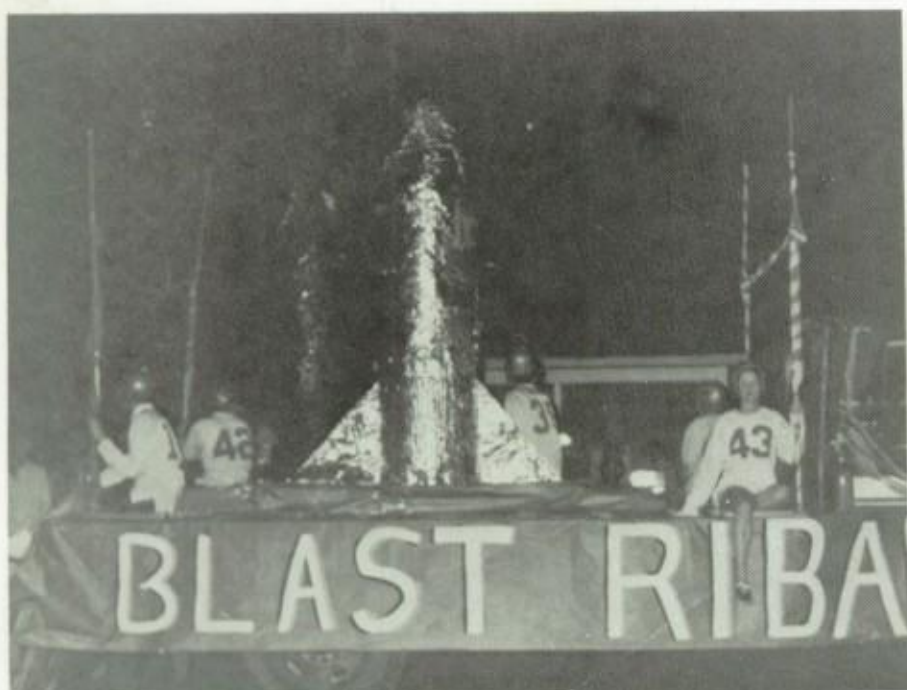

At 9:30 A.M., November 3, 1962, booth building got into full swing. The Carnival, sponsored by the Student Council, was set up on duPont's sandlot behind the school. The eighteen booths were built by members of each particular club. Many new booths were seen this year. National Honor Society had a "Double Your Money" throw. Xi Epsilon Y-Teens sponsored the successful "Marriage Booth." Gamma Hi-Y had the "7-11 Booth." Alpha Hi-Y had fun with the "Car Smash."

At 5:30 P.M., the booths were open for business. Unfortunately, it began to rain before any of the booths could make money. Although it had taken all day to build the Carnival, it took only fifteen minutes to dismantle it, because of the rain.

HOMEcoming

The excitement of this year's Homecoming activities began with the annual colorful parade made up of floats from every organization in the school.

By game time, duPont's students were in high spirits. During halftime, the winning float was announced to be the Senior Class' tremendous graduation cap which was perched on the top of a car. Tension mounted as the Homecoming court was presented. Finally, the moment everyone had been waiting for arrived when radiant Leslie Zelt was crowned Homecoming Queen for 1962-63. After the game, the homecoming dance was held in the gym.

The success of Homecoming this year was due to the careful planning of the Sophomore Class.

CHRISTMAS DANCE

The 1962 school year was brought to an end with the Senior Girls' Christmas Dance. Everyone enjoyed and danced to the music of the "Midnighters."

The gym was elaborately decorated to carry out the theme of Christmas, complete with a huge, snow-covered Christmas tree, and, of course, what Christmas would be complete without Santa Claus, who was present to introduce the court.

The highlight of the evening was the crowning of the Queen, Kathy Landiss, and King, Bucky Arnold, from among six other couples.

The Christmas Dance was a complete success, and was enjoyed by everyone present.

MISS duPONT CONTEST

The crowning of Donna Jean Waring as Miss duPont 1963 brought to a climax a well organized and exciting evening. The annual contest was held in the Prudential Auditorium, Thursday night, January 17, 1963, at 7:30. The decoration theme of question marks fit in well with the mood of suspense which filled the auditorium. The contestants first appeared in sheaths at which time they were introduced. When the contestants reappeared they had changed into formals and were asked one question each. The semi-finalists were then announced: Patti Powell, Diane Davis, Leslie Zelt, Donna Waring, and Kay Kehoe. The semi-finalists were sent off the stage and one-at-a-time reappeared to be asked two questions, one serious and one comical: "If you could have your choice of only one virtue or characteristic which one would you choose?" "If you had refused a date with one boy, and later accepted a date with another boy, and on your date saw the boy whom had asked you out first, what would you do?" Many mothers were blamed for the daughter's mistake, but sincerity and telling the boy the truth won out, and Donna became *Miss duPont 1963*.

The sweethearts gathered in the Skylight Room of the Mayflower Hotel. It was time for Key Club's traditional Sweetheart Dance and everyone was in a festive mood. Laughing and dancing were in high swing under the colorful decorations. Adding to the fun were the five clowns who served the refreshments.

The gaiety paused for the highlight of the dance when President Ronny Whitfield introduced the Sweetheart Court. Then, the talented Key Club members began to sing "Let Me Call You Sweetheart" as Sybil Evarts was crowned Key Club Sweetheart for 1963.

A beaming sweetheart—Sybil Evarts.

FAMILY LIFE INSTITUTE

The Youth-Adult Family Life Institute was the main project of the P.T.A. this year and was held at duPont on February 18-22. The institute was presented by Dr. Edwin R. Hartz, Professor of Marriage and Family Living at Florida State University. Dr. Hartz conducted sessions with the student body during the day and with students and parents at night, as well as radio and TV interviews and private conferences with students. The school was much better informed on such vital subjects as family, social, and personal living at the end of Dr. Hartz's visit.

LATIN BANQUET

"One hour prior to the end of this banquet . . ."

The Latin Banquet again proved to be a success, as hordes of makeshift Romans crowded into the gymnasium the night of March 23. After a week of slave-buying, the Latin students enjoyed a Smorgasbord dinner (not of direct Latin origin, but still appetizing!) and a great deal of entertainment. Sophomores Larry Rooks and Cookie Hubbard reigned as Emperor and Empress, accompanied by the royal court, consisting of Laurel Urban, John Swaluk, Mary Jane Glick, John Coalson, Ann Howard, Karl Hanson.

Entertainment for the evening included a ballet by Leana Lucas, a triumvirate of Latin folk singers, and a scene from the Roman kiddie show, "Skipper Publius." An offering to the household gods preceded Emperor Rooks' declaration that the Banquet had come to an end.

STUDENT COUNCIL

"We, the members of the Alfred I. duPont 1962-1963 Student Council, resolve to fulfill the obligation of our offices; to honor the trust of our fellow classmates by representing them well in all matters. We promise always to promote the general welfare of the student body; and never cause my school disappointment or shame through my actions."

This year's Student Council is particularly proud to have been instrumental in hosting the first foreign exchange student for southern Georgia and northeast Florida.

Serving as chairman on the Duval County Student Council Committee for the Juvenile Shelter drive, all member schools were assigned months in which to gather much needed articles.

The Mr. duPont Contest, a Twerp Dance, and the Halloween Carnival were the main fund raising functions.

As it has been the custom in past years, delegates were sent to this year's Southeastern, State, and District Student Council Conventions.

NATIONAL HONOR SOCIETY

Left to right, Chip Jackson, Martha Kenning, Anita Morrow, Jeanne Copeman, Kathy Landiss, Arlene Muller.

The honor Society, under the excellent guidance of sponsor Mrs. Miriam Dunn and co-sponsor Mrs. Anna Walker, achieved the most distinguishing and most challenging job ever before—hosting the 1963 State NHS Convention. The entire year was spent preparing for the big event, which took place in late April. Working with the entire Jacksonville District, duPont's Honor Society put on the best convention in years. The juniors, who were inducted in early October, gained invaluable experience and wonderful friends. The other services of the Society were the Honor Roll Ribbons, "A" Honor Roll Plaque, and a plaque giving recognition to outstanding freshmen and sophomores. In rounding out a successful year, the Honor Society held an induction banquet for the newly elected officers.

QUILL AND SCROLL

The duPont Chapter of Quill and Scroll, International Honor Society for High School Journalists, consisted of thirteen members in 1963. Membership is limited to duPonter and Alidupan staffers who have done outstanding work on these publications and who are in the upper one-third of their class.

The organization's chief purposes are to reward faithful service, to encourage high academic and journalistic standards, and to create an interest in journalism as a career.

GOLD KEY

Not to be outdone by any means, the Gold Key for girls was introduced at duPont this year. Striving to honor those girls who have shown outstanding leadership and service to duPont, Gold Key endeavors to render service to the community and the school.

Starting the new year off with a bang, the duPont Gold Key elected officers and set up several projects to begin the year. Among their many and varied projects, the girls sold tickets to the Meninac Game, Junior Miss Contest, and worked along with the male Key-Clubbers on the March of Dimes Campaign. When two new interns entered "Dragon Land", the Gold Key issued them a warm welcome by inviting the college students to a breakfast. An induction tea was held and gold keys were presented to the officers and members.

As Gold Key establishes a place at duPont, it strives to attain the standard of a strong and active service organization.

KEY CLUB

One of the most active clubs this year has been the Key Club. Sponsored by Kiwanis, it is a school service organization. Key Club began its activities during the summer, selling snow cones and cleaning up the football field. During the year Key Club members could be seen selling book-covers, Christmas wrapping paper, and rubber stamps. High points of the year included the annual Thanksgiving basket drive, the Student Leaders' Banquet, the Florida State Convention in Hollywood, Fla., and the annual Sweetheart Dance, held this year in the Mayflower Hotel. At the dance, next year's Sweetheart and her court were presented. The new officers were inducted at the Parent-Son Banquet. Here members' parents also learned about Key Club and its objectives. Membership in Key Club is based upon leadership, scholarship, willingness to work, and good personal character.

The duPonter

HAD VERY SUCCESSFUL YEAR

An almost entirely new duPonter staff has been most successful in putting out a monthly issue of the newspaper. Under the direction of Mrs. Barbara Bitter, the sponsor, Renee Slutzah, editor, and managing editor Joyce Ashley, the group has maintained a high paper while remaining within the set budget.

Mrs. Barbara Bitter

Besides putting out the paper, the staff operated the paperback book store and found time to visit the Florida Publishing Company. Staff members have had the opportunity to gain valuable experience which can help them in college and possibly in their future careers. ALIDUPAN STAFF

Neither rain nor hail nor sleet nor snow nor deadlines were able to prevent the annual staff from doing its job this year: that of publishing duPont's yearbook. Since the 1963 Alidupan was to be bigger than all previous annuals, much time and thought were required of the staff members in planning it. The students carried out their various duties in an atmosphere of congeniality, fun, some seriousness, much lunacy, and, at times, even some distinct traces of intelligence!

The staff is very grateful to Mrs. Brewster and Sid Sack, for a very worthwhile and most satisfying job.

BETA Y-TEENS

Interesting, huh!!!!?

No, I want to hold George's hand.

Beta Y-Teens is organized to aid the Community in welfare and service projects. In November Beta collected food for a needy family, while December had Beta wrapping Christmas presents for the boys at Mariana and singing Christmas Carols at an old folks home; Beta collected for The March Of Dimes in January and concluded the year's service projects in February with a party for the children at the Orthopedics School.

Beta also had several money raising projects and parties to make the year's work more enjoyable. These activities ranged from the Cotton Candy Booth at the Carnival to the end of the year house party. Beta had a very active year with service to the community and parties for the club. For these unselfish deeds to the community, Beta should be honorably recognized.

May I leave the room, please?

..... and the interest ran high.

KAPPA Y-TEENS

Kappa Y-Teens, one of duPont's three senior Y-Teen clubs, has had a very active, though fun-filled year. The year began with the admittance into the club of many sophomore girls. The presence of these new members brought both new faces and new ideas into Kappa. The year was successful largely because of the programs and socials which were held. One of the highlights of the year was a surprise breakfast at Shirley Denning's house. The breakfast, held in October, was thoroughly enjoyed by all who attended.

TAU OMICRON Y-TEENS

Tau Omicron, one of the school's eighth-grade Y-teens, is very active in the school as well as in the community.

These ambitious girls strive to help others in their community. Their main service project of the year, is for several of the girls to visit the Children's Home each Saturday. They play with the children and plan on giving these children a party at the end of the school year.

Their biggest social event of the year was their Christmas Dance at the Y. W. C. A. These girls give much of themselves to their school and community.

OMEGA Y-TEENS

Look girls, it's a boy!!

Oh, isn't that interesting!

Omega's sponsors: Mrs. Freeman and Mrs. Lynch.

Y-Teens is a Christian organization for girls which is sponsored by the Y.W.C.A. Omega has worked on many worthwhile projects this year. During Thanksgiving, a basket of food was taken to a needy family On Halloween, the club collected for Unicef In the month of January a drive was staged to raise money for fighting Muscular Dystrophy. For the first time this year, Omega has begun the practice of attending church as a group once a month This has proved to be very inspirational to all the members The club had a Christmas Dance during the holidays at the Lakewood Woman's Club, which was enjoyed by all. Omega has had a very successful year and has helped its school and community in many ways.

The Omega Christmas social is fun for all.

DELTA HI-Y

Under President Pat Nolan Delta HI-Y spent a busy year engaged in service projects and social events. Delta sponsored a car wash early in the fall to finance its service projects. As the main service project Delta presented a fifty-dollar check to the Duval County Medical Center. A new football pennant was presented to the school at a special assembly. Delta finished the year with several other service projects and several socials, among them a hay ride and a beach party.

Alpha Hi-Y spent a large part of this year establishing new club policies. The officers attended a training period at Camp Imokalee, at which they learned much about the YMCA youth program.

Alpha members began the year by selling slogan ribbons and pennants for football games. At the Halloween Carnival, the club ran a car wreck booth. A large sum of money was donated by the club to help pay for a house destroyed by fire. The club issued student directories to help finance their annual Shipwreck Dance. The club threw several parties for its members and participated in football games with Delta and Gamma.

ROMAN DRAGONS

Under the direction of Mrs. Umlah and Mrs. Dunn, the Latin Club has been busy with many enjoyable and educational activities. The Latin student of today has a chance actually to experience life as ancient Romans knew it. The atmosphere set by the yearly banquet is so realistic that one cannot help but feel he is in ancient Rome. Few members of the club will forget the impressive initiation ceremonies or their days as a slave.

Ninety people at a barbecue! That's how the French Club began the year. The purpose of the barbecue, held at Maureen Miller's house, was to install the new officers. This was just the beginning of the club's most eventful and fun-filled year.

All students who take French are eligible to be members of Le Cercle Francais of duPont. The purpose of the French Club is to better acquaint French students with the culture of France. General club meetings emphasize programs based on French. At the regular cabinet meetings of the officers, service projects and social events are planned for the entire club.

The club was very active in all school activities. In the Halloween Carnival, its elaborate booth was a sidewalk cafe complete with can-can dancers. For home-

SPANISH CLUB

Participating in a number of school events, the Spanish Club concentrated on giving its members a taste of Spain. The school also felt this influence through the Don Quixote theme of the Spanish Club's homecoming float. The club heard a lecture on South America by Miss Elizabeth Reed, a noted local traveler. A banquet was given for club members and their Cuban friends.

International Fellowship — An open door to friendship and understanding — Teenage Ambassadors from Abroad. These are but a few of the terms used to describe the American Field Service program which introduced the first foreign Exchange Student in the Duval County area.

Although the majority of organization in AFS is left to the Senior Chapter composed of adults in the community, there are many phases dealing with the school that cannot be brought about effectively without the help of the students themselves. The first AFS club of duPont High was formed in the spring of 1962. The club worked all summer in order to prepare the way for Lise Blom Hartvigsen, our exchange student from Norway. During the school year, AFS arranged public appearances for Lise at various interested organizations, an assembly at mid-year in which she reported various impressions of America to the students, and a Norwegian Christmas party.

In order to improve upon this year's program, AFS has instituted various changes in the present program for next year. Four juniors were registered for the Americans Abroad program, making it a possibility that they may be foreign exchange students in other countries. Part of the cost for this program, as well as that for possibly two exchange students here next year was raised at different intervals of the school year.

What is that scurrying through the hall? Never fear its only a senior girl rushing hither and yon to arrive at an infrequent but nevertheless productive (?) Senior Girl's meeting. Under the guidance of Miss Dorothy Love, the girls did their best to provide the annual Christmas Dance which has been their contribution to the senior high for the last several years.

To finance their traditional luncheon which takes place at the close (finally) of the year, the senior girls sold Dragon Jewelry with great success.

The requirements for membership of the Senior Girls are the very simplest; only be a senior girl. However, to achieve this state a girl well deserves a club of her own. And for these reasons the Senior Girls represent that one club to which each senior high girl longs to belong.

Seated: Fran Phelps, Sue Dobbie, Robin Carousso, Sue Musser, Janet Estinson, Judy Lewand, Nancy Capps, Windy Libby, Kathy Shad, Dana Dunbar, Ann Bailey, Georgia Carter. *Standing:* Barbara Butler, Sissy Mitchell, Carol Sewell, Judy Freeman, Sue Gefter, Phyllis Eisenburg, Johnnie Dixon, Pat Smith, Jean Bennett, Sharrie McDonnald, Jill Space, Karen Cavanaugh, Bonnie Hoblick.

SENIOR FELLOWS

Officers: Seated, left to right: James Lumpkin, Treasurer; Bucky Arnold, Vice President; Terry Anderson, President; Jim Carithers, Chaplain; Hugh Wilcox, ICC Representative; Andy Schwitter, Assistant ICC Representative; Bill Zuber, 2nd Assistant ICC Representative.

The Senior Fellows were organized under the capable leadership of Terry Anderson. The Senior Fellows planned many projects for the second semester, which help make their year a success.

D-CLUB

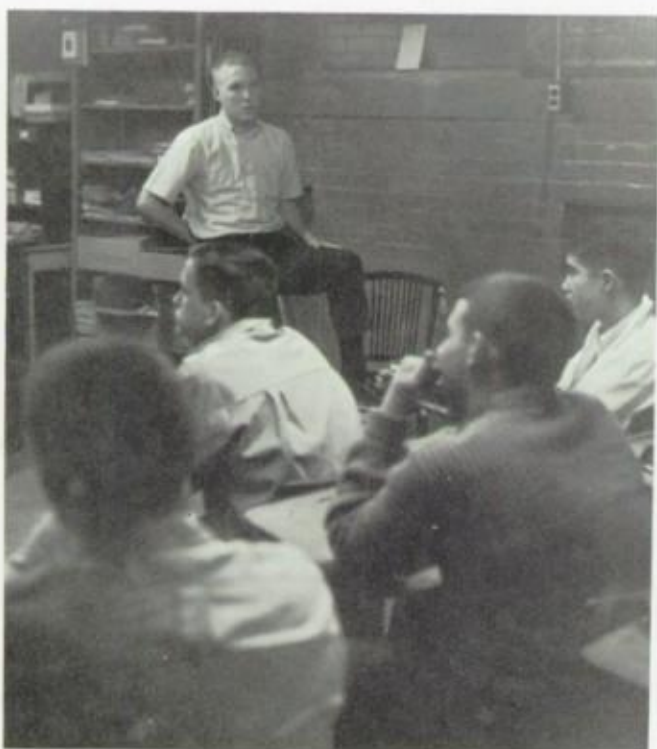

First row, left to right: David Radcliff, E. L. Laney, "Hotch" Anderson, Ricky Moore, Bill Zuber, Robert Simmons. Second row: John Coalson, Steve Bushore, Eddie Held, Sammy Latiff, Sonny Smith, Joe Auve, Billy Womble, Thomas Tinsley. Third row: Karl Hanson, "Kicker" Scafuti, Coach Bushore, Rob Harman, Dickie Chambliss, Bob Young, Glenn Flach.

The D-Club underwent its second year of the able sponsorship of Coach Don Bushore. Composed of some of the best athletes in the school, the club has many hard workers. Having to abandon its annual "Beautify duPont" contest, the organization engaged on many service projects of its own, including plans for a proposed weight-lifting room and a bulletin

board for the gym to announce athletic activities.

The club sold decals to raise money, entered a float in the Homecoming Parade, and sponsored a contestant in the Miss duPont Contest. These, along with many other activities, show that the D-Club is fast coming to its own as an active service, as well as honorary, club at duPont.

President Dickie Chambliss presides over a meeting.

Enthusiastic D-Clubbers attend meeting.

OFFICERS; *Left to right, seated: Bill Zuber, Vice-President; Dickie Chambliss, President. Standing: Sammy Latiff, Secretary-Treasurer; Bill Womble, Sargent-at-Arms.*

CHORUS

Madrigal singers: left to right: Keith Schroyer, Kaye Bowden, Beth Dodd, Elizabeth Rowe, Mary Jennings, Sue Musser, Betty Fitzgerald, Deannie Ferreira, Bruce Snell, Mr. Highbaugh, chorus director.

DuPont's Senior Chorus has really been busy this year. They began the year by introducing to duPont the first madrigal singers that the school has ever had. This singing group does not stop at singing with the regular chorus members in school activities, but they also travel around the community, on occasion, to sing at functions presented and sponsored by other groups.

The effects of the long hours of practice are evident in such presentations as the Christmas pageant, which is presented every year. This year's pageant was especially appreciated by the students because of the fact that many people were directly involved in the production of the program.

PARAMEDICAL CLUB

The members of this organization are drawn together through a common interest in the medical profession. Service to the community includes helping in hospitals as Candy Strippers and working in laboratories with technicians. Monthly meetings are held within the club, while by-monthly meetings include all county members. Mrs. Pharis, Duval County Medical Auxiliary Sponsor of the Paramedical Club, guides discussions concerning the medical profession.

D.C.T. officers display the lectern which they presented to the school. The officers pictured are: Seated (left to right): Brenda Davis, Jeanne Copeman. Standing: Ray Baker, JoAnn Holness, David Miller, Frances McLane, Ray Townsend, Linda Long, Talbert Smith and Mrs. Slater.

The class grows larger each year.

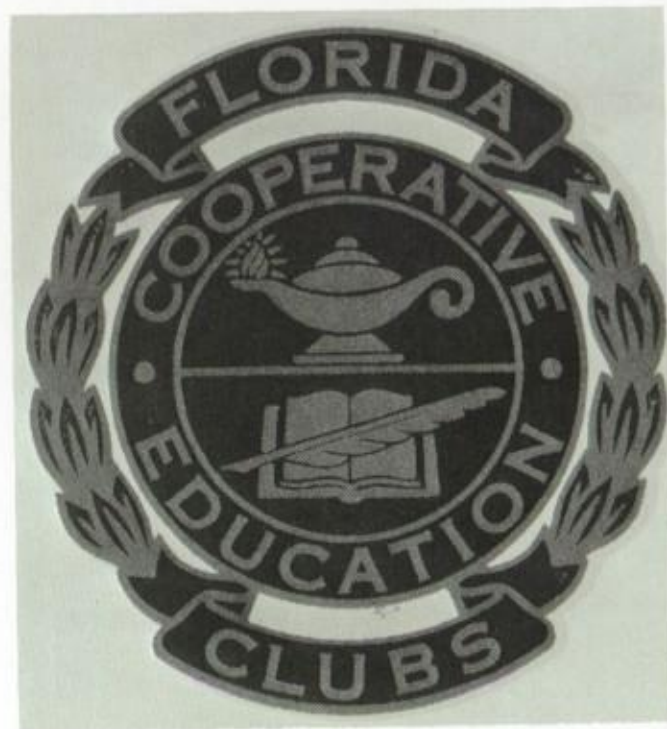

DIVERSIFIED COOPERATIVE TRAINING

Diversified Cooperative Training at duPont provides the necessary link between education and employment for those students desiring to obtain both simultaneously. Besides the required courses which the student must take, the D.C.T. program offers courses which are invaluable to students in business.

The advantage of the D.C.T. program are many. To the student, it gives a chance to develop desirable abilities and work habits, and it smooths the changeover from school to industry. For the school, D.C.T. fulfills the need and desire to meet the standards of the community in helping the student. Through this program, also, the school is more able to encourage students to remain in school until their graduation. The employer too, receives the benefits of D.C.T. By participating in this plan, he is given an additional opportunity to contribute toward the betterment of the community which he already serves.

To round out its activities, the D.C.T. plan includes participation in the district D.C.T. meeting, representation to the state convention, and its services to the school include selling class rings and Senior Announcements.

Under the capable leadership of Miss Margaret Roberts and Miss Carole Hilton, and with the help of the Library Council, our work in the library has been made easier. Student assistants take charge of the circulation desk, check students in and out of the library, check new magazines and newspapers and help process new books. This year the Library Council has been better organized, and is operating with even greater efficiency.

Cheers! Open House refreshments are enjoyed by all.

You don't suppose she teaches here, do you?

The P.T.A.'s most important project of the year was the sponsoring of the five-day Youth-Adult Family Life Institute. Parents, teachers, and students participated in this institute and gained a much better understanding of themselves and of one another. This program, as well as the other four programs of the year, was directed toward promoting the welfare of our youth in the home, school, church, and community.

The Girls Athletic Association is a working organization along with their participation in various sports. The organization has put uniforms on the basketball team, swimming team. The money was made by various projects such as bake sales, duPont seal sales, sponsoring a faculty basketball game, etc. These girls have a wonderful experience—learning how to face the public, gaining responsibility, self-confidence and other qualities which are necessary for a well rounded life. The G.A.A. girls have great spirit as they represent duPont in basketball, bowling, track, softball, and in the Junior High and Senior High Sports Day.

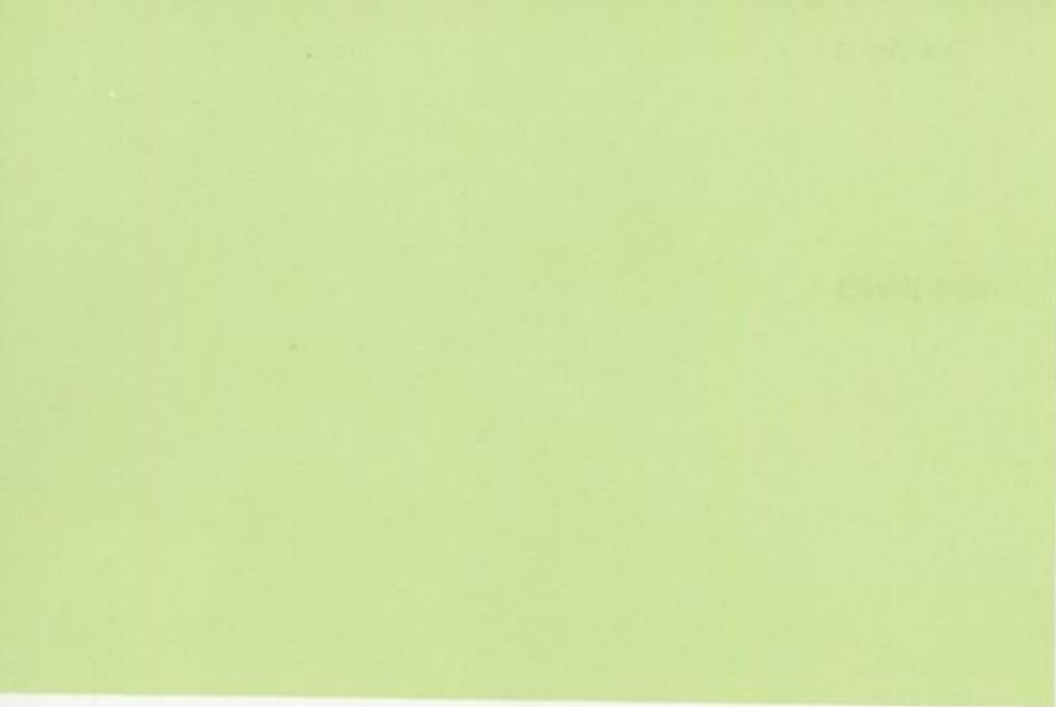

The girls exhibit their athletic skills at such sports as basketball, baseball, and badminton.

From the beginning of pre-season drills, the Dragons were given favorable recognition and predicted to compile a winning season. Opening his second year as head football coach, Joe Andrew directed the Dragon charges against Forrest on Sept. 14. Although the Dragons lost, they were highly praised for their powerful play, and came back the next week to topple Bishop Kenny. Offense seemed to play a major part during the middle of the season as Landon and Bolles were trounced in rapid-fire succession, but in the last four games, duPont settled down to hard defensive playing. The Dragons ended the season statistically with three victories, but their strength was shown by the placing of five players on All-City mention.

JUNIOR VARSITY FOOTBALL

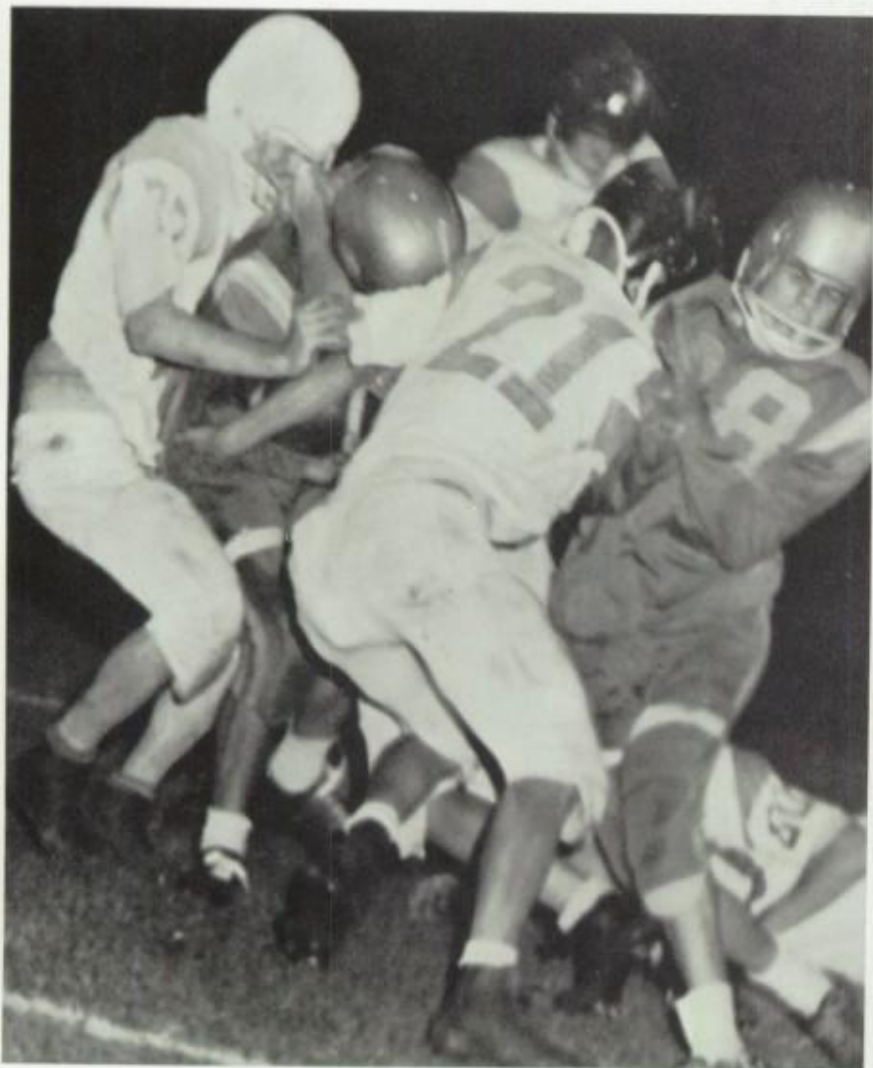

Coach Bobby Reynolds voiced an optimistic opinion of the Jr. Dragons at the first of the season, and by the time the last game was played, they had proven themselves a powerful team, finishing with a 4-2 record.

With the aid of a strong and equally fast backfield combined with a light but determined line, the Dragons pulled impressive wins over such dynamic aggregations as Fletcher and Terry Parker. The definite strength of the team was shown when many of the boys were brought up for the last two varsity games to cap off a successful J.V. season.

"DuPont Went Forth Unafraid". This statement, quote from the Jacksonville Journal, perfectly characterizes the 1962-63 duPont basketball team.

The Basketball Dragons could really play ball, especially when they were trailing and wanted a victory for the home crowd. The fans suddenly came alive at the first of the season and stayed behind the Dragons, win or lose. The screaming and yelling, the applause, and the paper on the floor when the referees made a controversial call will long be remembered.

The 1962-63 season opened and duPont traveled to Bolles, swamping their neighbors with a good beating. DuPont entered the Fletcher Invationals as the assumed underdogs of the tournament. Well! It didn't take long for those Dragons to prove who was boss. Topping their rivals, Lee, Fletcher, and Ribault, duPont emerged victorious to cop the holiday crown.

The tournament over, the Dragons settled down to business by raising Englewood's record of defeats; but then the Dragons lost to Landon by a narrow one-point margin. Things began to pop and duPont roused a victorious stampede over Fletcher, Bolles, Lee and Kenny.

The Crusaders didn't seem to learn their lesson the first time, so they tried again, only to be scorched by Dragon fire. The long-awaited last game of the season arrived and Dragon fans travelled across the river to the J. U. gym to see what their team could do against the mighty Tigers. What did the fans see? They saw the Dragons decide to stay awhile as they stunned mighty Jackson, 75-69, in the first round of the 1962-63 Class AA Tournaments. Of course, the Dragons didn't stop there as they came back

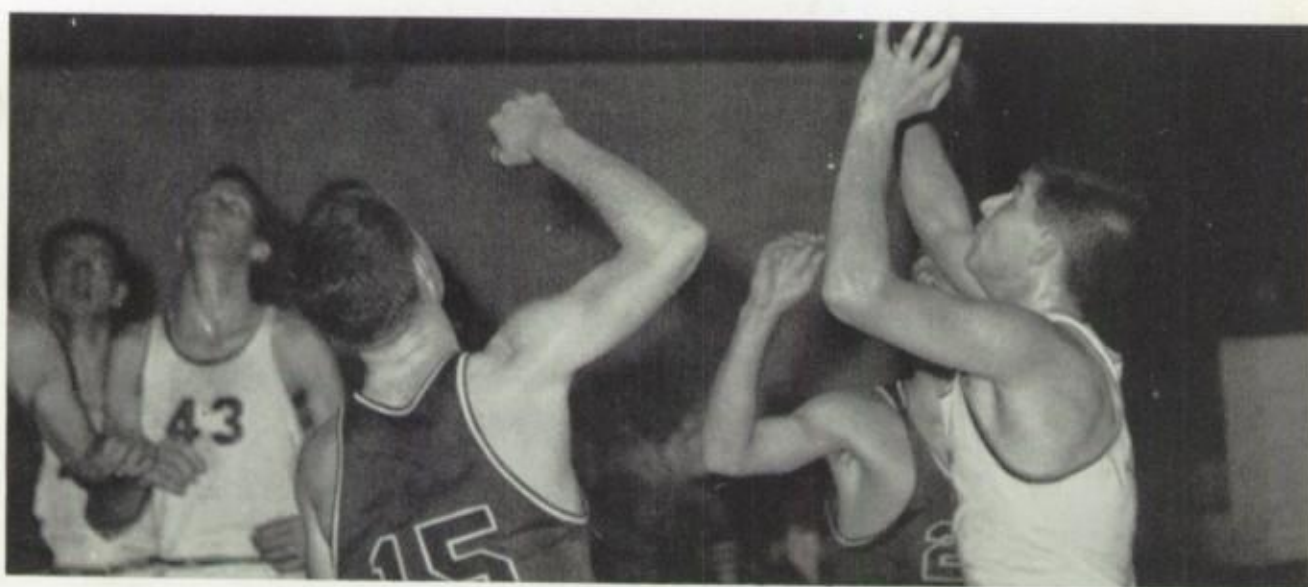

the following evening to defeat a powerful General team and place themselves in the final round of the tournament. Finally falling to Paxon, duPont emerged runners-up for the Duval County Class AA Championship. Yes, Jacksonville saw the Dragons play ball and Win!

So goes the story of the duPont basketball season. The Dragons distinguished themselves as a team and as individuals. Randy Denson served as their spirited captain. Andy Schwitter and Kenny Ewer were awarded "Player of the Week" plaques. Bill Domen and Andy Schwitter received All-City honors. Steve Parker and Bill Domen made the All-Tournament Team. And the other Dragons did their full share; thereby enabling their team to establish a victorious season.

During the last few years, Fencing has begun to develop as a major sport in high schools. Although it has not reached its peak in Jacksonville, the duPont Fencing team continues to dominate most of the important fencing meets. Early in the school year, four sword-bearing Dragons participated in the Teenage Foil Tournament at St. Petersburg, Florida. Captain Bill Lapeza, who snared second in the finals was the only team member to place, but the fact that duPont was the only school represented from Jacksonville adds prestige to our fine fencing unit.

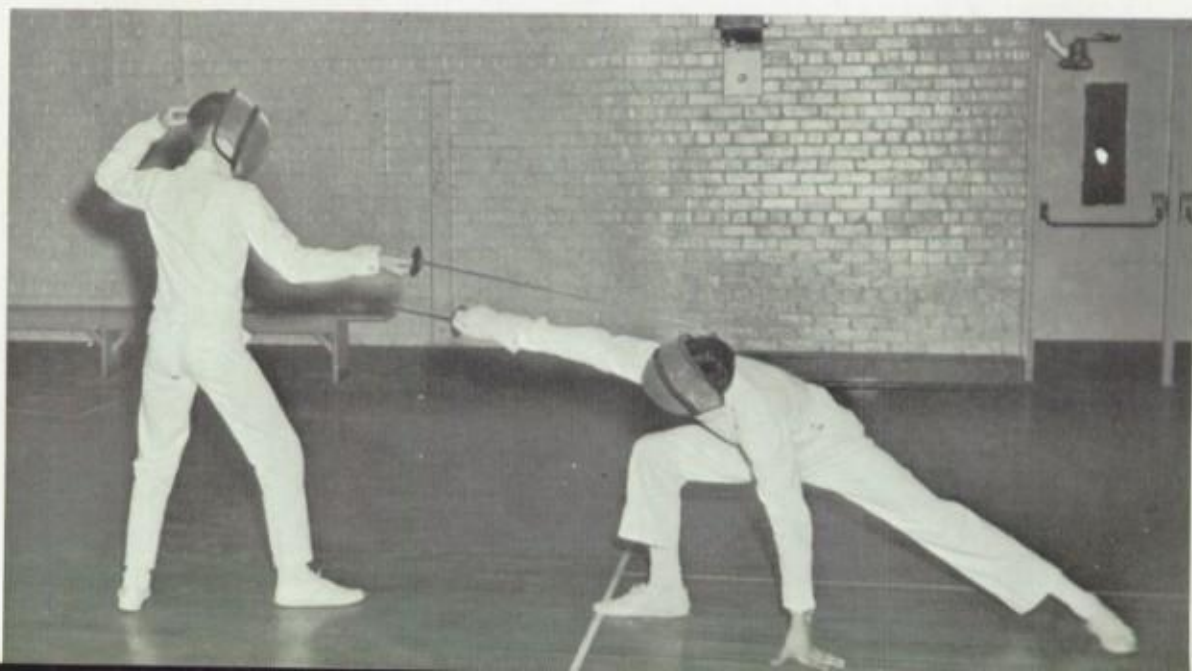

Since there are but few teams in the city, the fencing Dragons do not get much interscholastic practice, and have had no other meets of great importance. The season will be climaxed by the State Championship, which includes all ages of fencers. This will be held in May at the Mayflower Hotel.

Started about three years ago, the team is growing in strength and magnitude gradually. An open invitation to join is extended to all people eligible for athletic participation.

The duPont cindermen plan to see more action this year, due to the regrouping of secondary school classification. duPont is now in class AA with such schools as Lee, Jackson, and Englewood. This is also the first year that all Gateway conference schools are AA. The regular season schedule includes two meets a week, one dual meet with a Gateway foe, and one at the end of the week with several schools participating.

GIRL'S SWIMMING TEAM

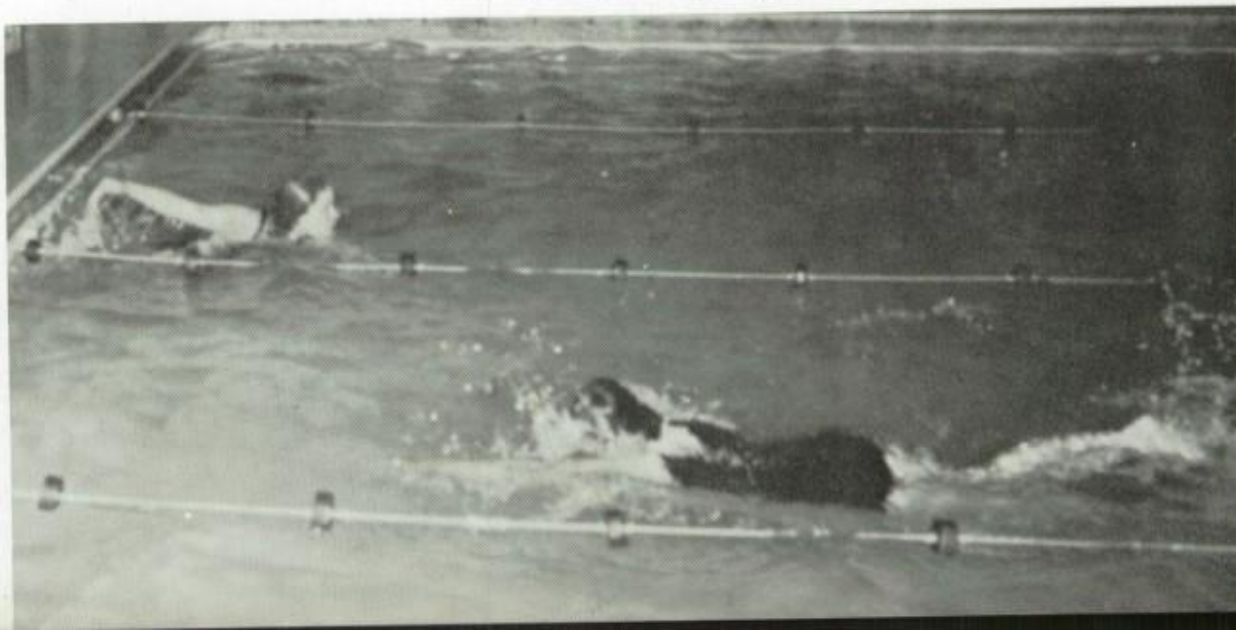

The Girl's Swimming Team started practice early in the school year at the Camp Tommahawk Pool. At that time the team elected Kathie Lamb as captain, and Helen Walsh as co-captain. When the winter weather started, their thoughts turned to indoor pools, such as Good Shepard, and sweat suits with the Dragon's name imprinted on them.

Under their new rating of AA status, and new coach, Miss Mary Howard, the Girl's Swimming Team had a successful year.

BOY'S SWIMMING TEAM

The Boy's Swimming Team got started late at organized practice and jumped almost right into its many scheduled meets. However, with the returning lettermen, as well as many new recruits, the team had the strength for a successful season. Combined with the coaching of Mr. Jack Davis, intern Coach Smith, the behind-the-scene work of Joe Scafuti, and 7:00 A.M. practices at the Y.M.C.A., this made for a winning combination.

This year's golf team, under the direction of Coach Bushore, planned to redeem the Gateway and County Championship it lost to Terry Parker the year before. The team depended upon fourth year letterman Sid Sack and sophomore standout David Radcliffe. Other men on the team included Tommy Sack, Al Gruber, Ronny Bloom, and Glenn Adams. The two substitutes were Johnny Gresham and Steve Heller. The most significant fact concerning this year's team is that only two of the members will graduate, leaving an experienced and promising team for next year.

Present at every football game, basketball game, pep rally and sports function these spirit-raisers are responsible for encouraging patriotic Dragons to lend their support to duPont's various teams.

THE ENGLISH DEPARTMENT

The main course of study, as set up by the English Department, calls for a program of three "R's". They are reading, writing, and research. In the early years of high school, the main emphasis is on grammar. In the junior year there is a transition to literature. The senior year, in conclusion to one's studies, the students are given a complete course in the literature of England, both historic and contemporary.

Mrs. Florence Baker

Mrs. Barbara Bitter

Mrs. Marguerite Doster

In an attempt to provide senior students with the opportunity to study, not only the writings, but also the ideas and thoughts behind them, the English Department initiated a Humanities Course. Its program differs from regular English courses in that it provides a more thorough study of man, considering his relation to fellow man, to society, and to God.

MATHEMATICS DEPARTMENT

With the assistance of Mrs. Gatz, the algebra problem no longer seems difficult.

Gladys Gatz, Chairman

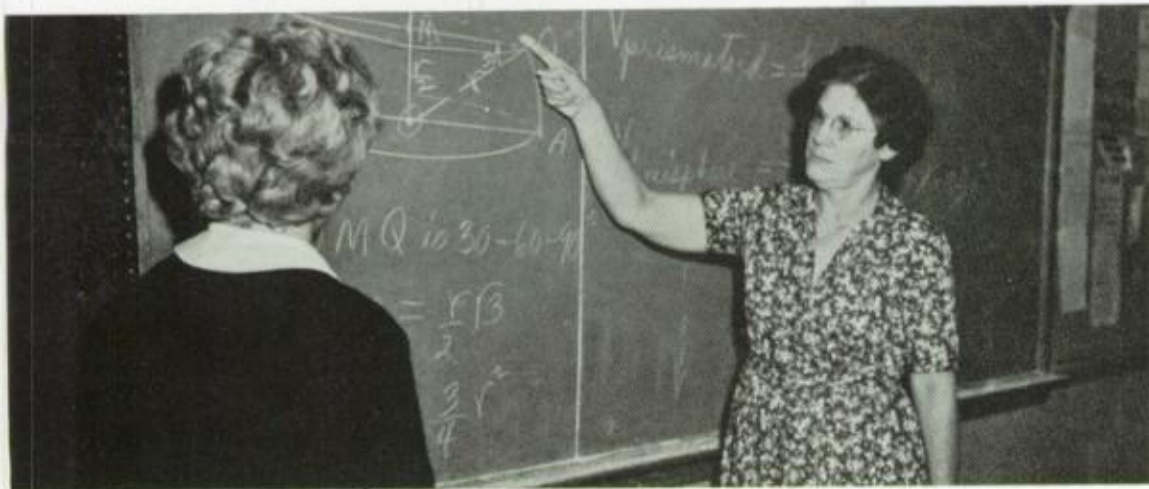

Wayne Jacobs

David Berman

A prismatoid formula is being explained to one of the advanced algebra students by Mrs. Walker.

Mr. Berman shows that teachers frequently work with individuals.

In this age of technical advancement, mathematics has become an integral part of our lives. DuPont's mathematics department is teaching our students to apply this pure science to practical situations. Related sciences such as chemistry and physics are based upon the application of mathematics; but even more important for example is mathematics' every day use in balancing our weekly allowances. DuPont offers our students the full foundation of mathematics from basic mathematics to introductory calculus or business arithmetic.

DuPont's college preparatory program has introduced an accelerated mathematics plan to encourage logical, critical, and inquisitive thinking in the able students. Beginning with algebra in the eighth grade, the interested students continue the plan with geometry, intermediate algebra, trigonometry and advanced algebra. This year's participating seniors are the first students to complete the accelerated plan and have gone on to take freshman college mathematics.

Students in Mrs. Lynch's geometry class are busy proving theorems at the board.

SCIENCE DEPARTMENT

Introducing the student to the world of physical phenomena is the basic objective of duPont's science department. Emphasis is placed upon the specialized needs of the college preparatory students.

The general science program offered in junior high consists of fundamental concepts in all fields of science to help the students discover their particular interests and abilities.

Biology is the study of living things. To gain a better understanding of the make-up of living things, students are given the opportunity to dissect specimens. These include earthworms, crayfish, and frogs.

Last year, for interested students, duPont initiated an Advanced Biology course on the first year college level. Zoology and botany are thoroughly studied for a semester each. The highlight of the course is the dissection of rats.

Through chemistry, students develop a knowledge of matter and an understanding of physical and chemical changes. Both description and historical approaches are used in the study of the common elements. The practical application of the chemical principles in laboratory experiments stimulates the students interest.

Physics is a highly mathematical science and therefore, only students with strong mathematics backgrounds are advised to take physics. Physics is taught with the aid of movies showing experiments which could not be conducted in the classroom. Included in the course are the studies of mechanics, electricity, light, sound and theoretical physics.

THE SOCIAL STUDIES DEPARTMENT

Mr. James Barwick

Mrs. Frances Brewster

Mr. Emory Cook

Mr. Jack Davis

To function meaningfully in today's world, it is necessary to have a fundamental knowledge of man as he has developed through the ages. The study of man's relationships to society since the beginning of recorded history helps today's man to better understand his place in the progress of the world.

Many duPont seniors are aware of the necessity to understand themselves better before they have the responsibility of contributing to the progress of the world. Because of this interest, the Social Studies Department offers three courses specifically for seniors.

International Relations studies the current world affairs. World History surveys man's cultural progress as an attempt to give an insight into current problems which may have had roots in the past. Problems in American Democracy is a course designed to explain the political, social and economic workings of our nation.

The Social Studies Department feels that students, first of all, must have a knowledge of American History and Civics. These courses examine the structure of our local, state and national governments and emphasize the duties of citizens in a democracy.

BUSINESS EDUCATION DEPARTMENT

Taught by Mrs. Love and Mrs. Phillips, typing and shorthand are two of the most valuable courses that may be taken in our school. They often prove to be a key to success in the business world and are especially helpful to all students who are planning to attend college.

DIVERSIFIED COOPERATIVE TRAINING

Mrs. Dorothy Slater

Our D.C.T. department, under the guidance of Mrs. Dorothy Slater, gives many students the opportunity to select their profession early and to prepare well for it while still in high school. Through the cooperation of the industries and businesses of our community, which are the actual training agencies, D.C.T. is able to carry out its purpose of preparing these students for work in various occupations and of easing the change from school to industry.

PHYSICAL EDUCATION DEPARTMENT

duPont has two cars, a Volkswagon and an Oldsmobile, which have been designated as Drivers' training cars. After class study, to obtain restricted drivers' licenses, students are given behind-the-wheel instruction. The physical education department serves students in the eighth grade through the twelfth grade. The importance of being physically fit is constantly stressed because mental alertness depends upon a healthy body. Participation in physical education classes once each day not only develops physical abilities, but also teaches sportsmanship.

A broad program of games and activities is provided. Girls are offered bound ball, volley ball, basketball, and many more activities. Boys follow a program which includes football, basketball, track, baseball, volleyball and soccer. Proficiency in one or many of the activities is strongly encouraged.

HOME ECONOMICS

Required for all girls—and who could be without it—are the skills of home economics—ranging from basic food and clothing classes to classes in family living. The department prepares young women to meet the needs of present and future living.

Even though academic knowledge has been stressed in this decade a citizen who lives in the atomic age must be fed and clothed by the toil and skills of the housewife. In preparing for a housewife's occupation a high school girl may find a required course beneficial. Culinary skills are practical in the preparation of complete well-balanced meals. The girls are taught everything including vitamin counting and table setting. In sewing, everything is stressed from marking a perfect hem to threading a sewing machine. Under the watchful eye of their instructors, the girls learn many domestic skills.

INDUSTRIAL ARTS

The industrial arts program offered the opportunity for all boys to participate in activities to develop the manual skills—Offering courses in woodwork, drafting, and many others. Students have the opportunity to learn skills which are useful for all and lead to worthwhile advocations and actual trade skills.

To house an expanding population, architects and draftsmen are needed to plan buildings. Young men who aspire to be the ones who draw blueprints of what is to be turned into beams and plaster to shelter future families begin with fundamental courses.

Man now lives in a Space Age, but the same food and shelter and needs of his prehistoric ancestors with the addition of fast transportation must still be met.

OFFICE STAFF

Records, records, and more records . . . Request for services and check requisitions . . . Credits-how many do I need? The heart of any school lies in its records, ably kept and here when they are needed.

Small groups of students are those who assist in the running of administrative and guidance departments. Even though the importance of their contribution is not fully recognized, members of these groups perform helpful functions for the school.

Without an efficient office staff to keep the records straight, what would a school amount to? Included in their work are the duties connected with registration, records, schedules, conferences, guidance, and attendance.

There is a tremendous responsibility entrusted to the administrative staff as they attempt to make duPont an even better place in which to prepare for the future.

GUIDANCE COUNSELLORS

Without the great number of duties which duPonts guidance staff performs, many of this years seniors would be quite confused. It is through this efficiently run office that the students grades, records, and transcripts are kept in order. The dates and places where nation wide tests are given are made known through this office, as are the scores made on the tests. How many credits do I have? Which courses shall I take in high school to prepare me for college? Which college would be the best for me? These are the questions that Miss Hartley and Mrs. Legge answer every day. It is with their advice and guidance that we make very important decisions regarding high school, college, and careers.

FINE ARTS

To help the student express himself and to fill the creative needs, the fine arts have a vital part in developing the well-rounded personality — The art, choral, and band students offer a variety of activities to appeal to the interest of any student who would choose this as an elective.

As evidenced by this year's activities, interested students were quick to undertake projects.

In addition to class work, the art department put samples of their work on display in the main hall. These included sketches, painting, sculpture, and ceramics. Many new techniques were worked with and developed.

The chorus and band were up to their usual high standard this year. The chorus entertained us with beautiful Christmas music at the annual Christmas pageant. The band supplied half-time music at the football games and made a trip to Philadelphia to be in a parade at Thanksgiving.

LIBRARY STAFF

Half of knowledge is to know where to find knowledge—and for this reason the library is perhaps the most vital reservation of any school—To seek the resources of reference, the news of headlines, or the fun of fiction, the library offers the facilities to improve these interests.

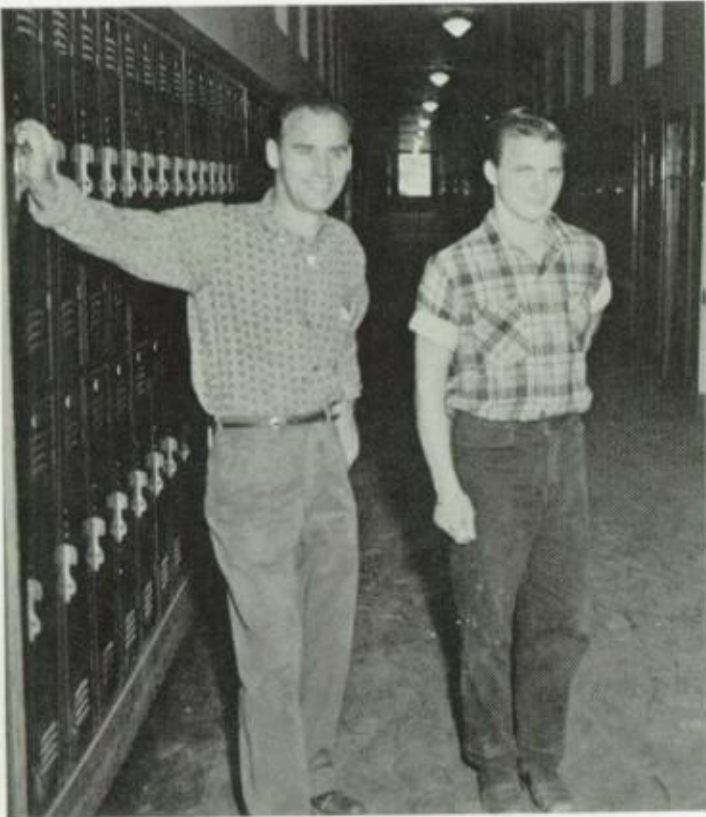

Throughout the year, Miss Roberts and Miss Hilton have tried to increase the efficiency of the library. Together they have worked so that the students would have the best selection of books and periodicals. By the efforts of these people we are assured that the library will continue to serve duPont well.

AUXILIARY SERVICES

Custodians—Jack Broughton and Jeff Morisett.

School Maids—Coretha Lawson, Alberta Stokes, Primrose Powell, and Ruth Hughes.

One of the necessary functions performed for the citizens at duPont is the preparation of nourishing tasty lunches by the competent lunchroom workers. The lunch shifts provide 30 minutes of rest and relaxation in the cafeteria. Maintaining the lunchroom and all campus buildings is the duty of school maids and custodians who provide a healthful place in which to learn.

Cafeteria Manager and Staff—Left to right: Mrs. Mills, Mrs. Farris, Mrs. Vanlandingham, Cafeteria manager, and Mrs. Kilby.

This year's Senior Class has proved itself in one aspect of achievement—salesmanship. The Class of '63 sold candy and then proceeded to sponsor the Dragon Snarl, which proved very successful. The reason for these money-raising projects was the fact that the Class would graduate from the Colisum instead of the George Washington Hotel. The excitement of being able to graduate from the Colisum produced an incentive for raising money, and also resulted into a certain proudness, a wonderful sense of achievement for this year's Class.

FRESHMAN CLASS

As last year's eighth graders became this year's Freshmen, a touch of magic was present. When an eighth grader becomes a Freshman, he crosses a line into another world which seems more wonderful than that which existed before. Through all the sweat and toil the Freshman goes through, he still has memories which won't be forgotten.

FRESHMAN CLASS

Coming up from the eighth grade, the Freshmen met new teachers, new studies, and old friends. The teachers seemed a little tougher than last year's. . . . The studies a little harder. . . . And the friends they met once again they will long remember. Indeed, the Freshman year is a year of new experiences and new goals which after they have all been achieved will have brought a year of memories and rewards not soon forgotten.

EDUCATION

*That person has not yet lived who could value
a good education in dollars and cents*

Our democratic form of government has provided institutions of learning to serve our children of all ages. We owe it to ourselves to properly educate our youth—to insist that they avail themselves of these educational opportunities. The future destiny of our nation is determined by the education given our children today!
